

School Board Hot Topics

- School Budget and funding allocations
- Citizen participation in School Board Meetings
- Keeping KG schools open and students learning in class
- Supporting conservative and reasonable nominees for the KG School Board
- Supporting high quality education for all students with tailored programs to address students with special skills and interests. Goal: Graduate the best and most fully educated set of students collectively over the entire student body.
- Resist and defeat attempts to make students uncomfortable based on gender, race, or family wealth. The only special “privileges” are common to all students because they are here in the United States of America.
- Encourage course work that teaches the wealth of rights and security that the students possess and the sacrifices of previous generations to enable that positive environment that is so rare over the countries of the world.
- Inform voters of issues and enable group strategy to influence School Board decisions
